## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-15, 17-30 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: the allowability recites at least in part: openings in a wall of the chassis from which sound produced by the speaker can emanate from the interior of the chassis; wherein the speaker is spaced from the wall of the chassis in which the openings are located to permit heat generated by the at least one heat generating component in the computer chassis to escape the interior of the computer chassis or that a first opening in the chassis positioned in front of the internal speaker such that the first opening facilitates emanation of sound from the internal speaker to outside of the computer chassis, and wherein the front of the internal speaker is spaced from the first opening to facilitate airflow along a first path between the internal speaker and the first opening or that spacing a front of a speaker away from the speaker grill on the surface of the portable notebook computer so that the airflow exhaust path extends between the front of the speaker and the speaker grill.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
